Transcriber's Office

March 10, 1998 LB 1173

Senator Don Pederson touched on it, that this is going to take place in Lincoln. Is that generally understood?

SENATOR RAIKES: You are right. You are right.

SENATOR CHAMBERS: And the location would be the University of Nebraska Technology Park as the place where it is likely to be located.

SENATOR RAIKES: Right.

SENATOR CHAMBERS: And Nebraska, this park would continue to own the ground on which the facility is constructed.

SENATOR RAIKES: Yes.

SENATOR CHAMBERS: I'm going to run out of time, so I'll try to narrow...

SENATOR CROSBY: You have one minute.

SENATOR CHAMBERS: Have any sources been identified yet, Senator Raikes, which will...private sources I mean, which will contribute or donate these other funds for operation maintenance and upgrading of equipment?

SENATOR RAIKES: Yes, Senator, they have been.

SENATOR CHAMBERS: And they are of sufficient number to provide enough money, if everything goes well to make this program feasible?

SENATOR RAIKES: Right. Senator, the amount of money they would need to commit would be based on the business plan, and they would have to commit enough money to cover operating the facility; through all the years they would not show a positive cash flow plus one.

SENATOR CHAMBERS: And how much is that going to take? Has there been an estimate made?

SENATOR RAIKES: Yes, there has and...
